

[No. 98, S.]

[Published March 7, 1887.]

CHAPTER 29.

AN ACT to authorize the Centralia Pulp (and) Water Power company, to erect and maintain a dam in the Wisconsin river, on section twenty-four, township twenty-two, range five, east.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Centralia pulp and water power company authorized to erect and maintain a dam.

SECTION 1. The Centralia Pulp and Water Power company and its successors and assigns, is hereby authorized and empowered to erect, keep up and maintain a dam across the Wisconsin river on section twenty-four, in township twenty-two, north of range five, east, between such points on the east and west bank as it may deem advisable; provided, that said dam shall not exceed ten feet in height, and shall be so constructed as not to obstruct or impede the running of lumber, logs or timber down said river, and provided, further, that a slide shall be constructed in said dam at least two feet below the general height of said dam, and the Wisconsin River Improvement company shall have the right to locate said slide or chute in the dam, which shall be fifty feet wide if the said improvement company so desire it.

Right reserved to amend or repeal charter.

SECTION 2. The legislature reserves the right to amend or repeal this act whenever in its judgment the public interests may require it.

SECTION 3. This act shall take effect and be in force from and after its passage and publication.

Approved March 4, 1887.
